Public Figure, Dream Maker, Advocate & Mother

Celebrity stylist and founder of fashion & beauty concept styling studio Dream Factory by Ines Ligron, Ines Ligron is known for her ability to transform women and help them express their unique, potent and powerful feminine essence. She helps women accelerate moving in the direction of their dreams, thus earning her the title Dream-maker.

She has worked with Hollywood celebrities like Sarah Jessica Parker, Beyonce, Penelope Cruz and Jennifer Lopez, as well as with top fashion houses, global beauty brands, and internationally renowned fashion magazines. Ines also served as the Asia-Pacific Director of top New York modeling firm, IMG Models, representing celebrity supermodels like Tyra Banks, Kate Moss, Milla Jovovich and Liv Tyler.

But her life was not always as perfect as it seems. Her youngest child, Luca, started showing signs of autism when he was 18 months old due to mercury poisoning after receiving his second shot of DTP (diphtheria, tetanus and polio), followed by a flu vaccine. Her son went into shock, and was never the same.

Doctors in Japan told Ines that there was nothing they could do, and that he would spend the rest of his life in this condition. Being the wilful lady that she is, Ines refused to accept that and vowed to find a cure for Luca...
